The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horoscope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

### Effect of Muntha

Muntha is a sensitive point in the annual horoscope. Muntha moves by one rasi per year from the birth ascendant. The position of Muntha in the annual chart has a significant effect on the results one can expect during the year.

Muntha is in the eleventh house. During this phase, you will be in reasonably good health. You will spend more

time in the company of your friends and relatives. You will enjoy the times you spend with your family. Young children could bring in good news. Some of your secret ambitions could come true. Important and senior people could feel positively towards you. A long standing problem will suddenly get sorted out, much to your pleasant surprise.

### **Lord of Muntha**

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

In this case, while Muntha is placed well, the Lord of Muntha also is in a good position. This reinforces the good effects.

The lord of Muntha is in the first house. This indicates that, this year, you will enjoy the benevolence of good health. Regular walks and light exercise will keep your body fit. This period is one of prosperity and comforts. You will do well at any project or endeavour you seriously take up. You could gain some money or wealth and happiness will overwhelm you at certain times, during this year.

### **Lord of the year**

Varsheswara, the lord of the year is selected based on various factors as shown above. The lord of the year has a significant influence on the events that unfold during the year. The strength of the planet is also an important consideration.

Saturn is the lord of the year and is strong. This year, you have a chance to acquire some land or property. Your family could get money from some foreign source. However, watch out if you make new acquaintances among vicious people. Avoid any temptation to make money through illegal means. This is not a period when you can depend too much on others. Try doing more things on your own. There could be an enhancement in status, for you or your husband, at work or in society. You will have victory over those you considered your adversaries. And prosperity is sure to be yours through the hard work you put in.

### **Birth Lagna**

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual eleventh house. Over the next few months, your family could enjoy financial prosperity. It's a good time to gain from speculations, lottery and the share market. You will be a prominent woman in society and will be well favoured by both family and friends.

### **Planets in houses**

The effects due to the position of planets in different houses of the annual chart are outlined below. These influences modify the intensity of good and bad results forecast based on the parameters analysed earlier.

Mars is in the first house. This indicates ulcer, rheumatism, disputes with enemies, head and eye troubles, pain in joints, vomiting, danger of fire or injury due to falling objects.

Moon happens to be in the third house. This indicates benefit to brothers, secret pleasures, good income and increase in prestige.

Saturn happens to be in the third house. This indicates destruction of enemies, financial gains, acquisition of land, enmity with kith and kin and close relatives.

Venus is in the seventh house. This indicates acquisition of new vehicles, increase in pleasures, life of ease, fulfillment of desires and pleasure trips.

Jupiter is seen in the seventh house. This indicates happiness from female members, success, fearlessness and winning over enemies.

The eighth house is occupied by the Sun. This cautions of tension and opposition from near and dear ones, illness in the family and minor health problems such as boils for children.

The eighth house is occupied by Mercury. This points to cough and serious phlegmatic complaints, red eyes, viral fever, skin problems, nervousness and dejection, increase in expenses and anxiety.
